

Are you a member of the Library Association?

The library association contributions help to support the projects the library undertakes such as expanding our popular summer reading program and enhancing our materials collection. Funds also enable the library to serve our community by bringing in education speakers and by presenting programs in our community room. Let us know your email address and we can notify you of all the great programs we have to offer.

Please consider joining the Wyomissing Public Library Association. Your support of our efforts is greatly appreciated.
